**Subject:** Referral for appropriate Investigation/Action: Forgery of my **signature** on official legal document

**Dear District Attorney Earle:**

Since I understand that it is the responsibility of the Travis County DA to investigate and, if warranted, prosecute any &/or all charges/allegations of felony criminal offenses in this jurisdiction, I am forwarding for your consideration and appropriate action two attachments. I charge this as a matter of criminal conduct: **forgery of my signature**. Additionally, per the information below, I also raise questions whether **extortion** was involved (#2 below).

**Herein I have attached:**

- 1) Two municipal documents relating to a home rehabilitation loan that I qualified for under the City of Austin's Federally-funded affordable housing program. These enclosed attachments were part of the City's files in reference to my loan. One of the attached documents is a **forgery and is not my signature**. I have provided the other document with my signature for comparative purposes.
- 2) A copy of the City of Austin's loan servicing report for my "loan" (*please refer to the explanation below*).

The City's loan servicing report suggests that all funds earmarked for my project were released from the City's escrow account and applied to the rehabilitation project of my home. It also suggests that I repaid the forgivable loan *per the terms of the contract & schedule of the loan*. In fact, the City required me via a lien against my homestead to repay the loan per the terms of the contract ***as if funds were applied***. **However, the fact is that the City's Minority Contractor abandoned the project before any funds were released. No funds were disbursed, but in fact remained in the City's escrow account.** (*F.Y.I. there is another loan servicing company separate from the City, which also maintained records for a portion of the lifetime of this loan. This company's records appear to contradict the records kept by the City of Austin for the same loan and same time frame.*) **Where did these Public Funds go and why do loan servicing documents suggest that they were applied to my home, when indeed they were not?**

I appreciate your consideration over this matter and I hope this information is helpful.

Sincerely,

Allissa Chambers
